

The background is a dark navy blue. It features several stylized celestial bodies. A large comet with a light blue head and a long, multi-colored tail (red, orange, yellow, and blue) streaks diagonally across the frame. There are five planets of varying sizes, each with a unique pattern of horizontal lines in shades of red, orange, yellow, and blue. One planet is particularly large in the bottom right corner, while others are smaller and scattered throughout the scene.
